## FIRST INDOOR MEET OF THE SEASON.

St. Louis University Athletes Give an Interesting Exhibition With Coach Delaney.

O'FLYNN WON 25-YARD DASH.

College Sprinter Showed in Great Form, Defeating J. O'Neill-Next Meet Will Be January 20.

The first indoor athletic meet of the season was conducted in the gymnasium of the St. Louis University yesterday afternoon by Coach Martin Delaney, who put his track team through its paces for the first time this winter. Five events were pulled off in the course of the afternoon, and good contests resulted in each case. Features of the afternoon were the run-

ning of the 25-yard dash, which was won by William O Flynn after a dead heat with Edgar McLean had first been run, and the meeting of the senior class relay team with a mixed team, representing the freshman class, the latter team proving victorious. Contests in shot putting and high and broad jumping were also pailed off. Twelve candidates were entered in the 25yard dash, the best sprinters in the college being among the number. Whilam O'Flynn, J. O'Neill and Edgar McLean were the three candidates considered to have the

three candidates considered to have the best chance, while several other sprinters were regarded as promising. Four men were started in each heat, the winners qualifying for the final heat and the second men running a semifinal, the winner of which qualified for the final.

O'Nelli and McLean were two starters in the first heat, O'Neili receiving a yard's advantage on account of false starts by the other starters. He won the heat by 2 feet, with McLean close up, in 323-5. Ed Walsh won the second heat from Cartan in 324-5 and William O'Flynn won the third heat by a good marsin from Hoffman in 324-5.

Cartan, Hoffman and McLean started in the semi-final to see which should qualify, McLean proving an easy winner, in the final heat O'Neill, Walsh, O'Flynn and Mc-

final heat O'Neill, Walsh, O'Flynn and Mc-Lean tied up, McLean and O'Flynn getting off weil together, O'Flynn having a little the worst of the start, and running a dead heat, with O'Neill third. In the run-off of the heat O'Flynn won by a good margin in 23-5 seconds.

The shot-put developed a good man in the person of William Pollman, who, with-out apparent preparation for the event, and without even removing his coat, en-tered the contest and won with ease, put-ting the sixteen-pound shot 31 feet and 2 inches. Stadl was second, with a put of

ting the sixteen-pound shot 31 feet and 2 inches. Stadl was second, with a put of 30 feet and 7 inches, but he was disqualified for stepping over the circle. Ed Walsh was given second place, with a put of 29 feet 6 inches, and John Mooney was third with a put of 29 feet 3 inches. George Stadl showed up well in the broad jump, making 18 feet, and winning easily. Dan Dillion was second, with a jump of 16 feet 8 inches, while Herman Meier was third, with a jump of 15 feet 7 inches. In the high jump Dillion won, with a jump of 56 inches, Stadl was second, with a jump of 56 inches, and Meier was third, with 55 inches.

of 55 Inches, and Meier was third, with 55 Inches.
One of the most interesting contests of the day was the relay race, which was won by the team representing the freshm in class. Five men composed each team and each man circled the gymnasium twice, making a total of ten laps, or nearly half a mile. E. Walsh, J. O'Neill, E. McLean, L. Cartan and J. Glimore represented the seniors, while Meier, O'Flynn, W. Hoffman, D. Dilion and George Stadil represented the seniors.

D. Dilion and George Stadi represented the seniors.

The freshmen proved the better runners around the sharp turns of the gymnasium and steadily gained on their opponents. O'Neill and O'Flynn were started to represent their respective teams, and the race between them was one of the prettiest contests of the day. Neither could gain an inch on the other, and they finished in the same positions as when they started. Previous competitors had made hig gains, however, and the freshmen were awarded the victory. The time for the ten laps was 1.54.

Billy Moran served as starter for the occasion, while R. Murphy and H. Ewing were judges and Pennington was timer. Coach Martin Delaney directed affairs. He announced that he will hold another meet Monday, January 29, and that the cross-country runs of the college will commence February 1.

## SPALDING STILL **BOOMING TALCOTT.**

Returns to New York to Fight His Case in Courts-Receives Replies to His Letter.

REPUBLIC SPECIAL. New York, Jan. 6.-Bronzed by a Southern sun and invigorated after a holiday rest in the Southern pines, A. G. Spalding came to New York to-day to begin what he has termed "the second chapter" in the present baseball history. Besieged by reporters and baseball enthusiasts, he found time to confirm the statement that Eddie B. Talcott would not be averse to re-entering base-ball in New York, providing he could purchase the local franchise at a reasonable

figure.
"Mr. Talcott will not give \$1,000,000 for the franchise," said Mr. Spalding emphatically, "but he is not unwilling to become a club owner once more if a transfer of the property can be negotiated. For my part, I believe that the citizens of New part, I believe that the citizens of New York would be glad to see him connected again with the New York ciub. If Mr. Freedman and his associate stockholders are disposed to accept the Situation and want to negotiate with Mr. Talcott and name a reasonable figure for the stock, I know that Mr. Talcott will seriously con-sider coming back into basebail."

"Suppose Mr. Freedman does not care to sell?"

That is Mr. Freedman's affair. I merely That is Mr. Freedman's affair. I merely know that the opportunity exists, and instead of injuring Mr. Freedman's property rights as has been charged, in reality, I have found a purchaser for his club. I presume purchasers might be found for Mr. Brush's team and for Mr. Robison's team,

Brush's team and for Mr. Robison's team, should they care to dispose of their baseball belongings."

Mr. Spalding was asked if the four clubs affiliated with him would join the American League were it deemed expedient.

"That is for those clubs to decide," he replied. "I am not aware of any invitation having been extended to them to do so, nor have I been advised that any of the four clubs are desirous of making such a connection." connection."

Mr Spalding found awaiting him here replies to the letter written by him at Alken, S. C., from the Brooklyn, Pittsburg, Chicago, Philadelphia and Boston c.u.s. New York, St. Louis and Cincinnati did not

New York, St. Louis and Cincinnati did not respond.
What the nature of the repiles received was, Mr. Spalding refused to say at present. He intimated, however, that the letters would be made public in a very few days. The letter received from Boston is considered most important. Up to the present time the Boston magnates have taken sides with Freedman in the baseball tangle, and the reply to Mr. Spalding's letter will be watched with more than ordinary interest. Mr. Spalding gave a long interview to-night in which he went over the grounds of the controversy in the League, but added nothing new. He spoke as an individual and not as president.

RIVAL PRESIDENTS IN OMARA.

Both Whitfield and Hickey Confident of Success.
Omaha, Neb., Jan. 6.—President Hickey of the American Association and President Whitfield of the Western League were in the city to-day, and both are putting in considerable overtime on the baseball situa-

the city to-day, and both are putting in considerable overtime on the baseball situation in this city.

President Whitfield declared that the report that the American Association was about to purchase the holdings of William Rourke, owner of the Western League Club here, was not what brought him to Omaha. He said it was immaterial whether Rourke sold out or not, and that the Western League would have a club here at all odds. He laid stress on the recent bulletin issued by the minor-league association placing a price on players who wished to change to other clubs, and intimated that men who overstepped the laws of the association would be placed on the blacklist. He also stated that Milwaukee would be in the Western League, and said he had applications from Indianapolis and other cities claimed by the American Association.

President Hickey had little to say except that work was progressing and that he had no wish to antagonize anybody. He said work on the new grounds would begin just as soon as possible. He said Manager Rourke was inclined to hang out for better terms, and that there is nothing definite about a deal being made for the park and club now owned by him. President Whitfield left for Chicago to-night.

#### TO MAKE WAR ON HICKEY. Eastern League Will Fight American

REPUBLIC SPECIAL Boston, Mass., Jan. 6.-The Eastern League proposes to make war on Prestdent Hickey's new American Association of baseball. Newark is the first club to take steps in this direction, securing Scurali of the St. Joseph team.

Hickey has invited war by all the minor leagues of the country. It was he who first projected the plan of an organization comprising all the minor leagues of the country for the purpose of defense against the American and National leagues, the latter of which had declared the national agreement void. Hickey soon broke away and organized a league of his own. This, with other acts of his, created a fuss. He was fired from the body and declared an outlaw. In order to get back at him, the minor leagues, including the Eastern League especially, proposed grabbing his best players. Newark's lead will be quickly though quietly followed by the other clubs in the circuit. of baseball. Newark is the first club to

League Landed by McPhee. REPUBLIC SPECIAL. Cincinnati, O., Jan. 6.-Manager McPhee of the Cincinnati team announced to-day that he had received the signed contract of Outfielder Hulseman, the St. Louis boy, who played with Shreveport in the Southern Association last season. Hulseman led the league in batting, and was considered one of the fastest outfielders that ever performed in the South. He covers a great deal of ground, uses excellent Judgment on the bases and is generally considered a valuable man. With Hulseman signed the Reds now have four outfielders under contract, Crawford, Dobbs and Bay being the others. Club.

The bout between Eddle Connolly of St. John, N. B., and Joe Gans, at the Washington Sporting Club to-night, was stopped in the fifth round by the referee. The Canadian was clearly out of condition and Gans was his master as far as the fight went. Connolly persisted in wrestling and hugging his opponent to such an extent that the referee stopped the contest in the fifth round. The men were scheduled to go six rounds.

PEDESTRIANS TO RETURN. Go-as-You-Please Men Will Be Sent Back to the East To-Day.

Pedestrians who competed in the go-as-you-please race at the West End Colliseum will depart this morning for their homes, the management having decided to turn over all the receipts of the week to the men so as to enable them to get back to the East. About 1361 was realized in the course of the walk, and this will take all the men back home.

Quite a lively scene was experienced at the club early yesterday morning when the time came to give the men their money, some irresponsible managers, claiming to represent the men, striving to get a share of the coin. They were denied by the management, however, and the money was paid into the hands of the men themselves.

Several races were pulled off at the club last night, Tracy, who finished second in the go-as-you-please contest, defeating W. Shelton, the winner of the 188-hour race, in a one-mile run. Fleming beat Localein in a two-mile walk, Guerrero beat Cartwright in a two-mile run, Cartwright becoming ill on the track, and Hegelman beat Hart in a two-mile heel-and-toe walking race. over all the receipts of the week to the

CATTON LEAVES CHICAGO. Well-Known Billiardist Will Open Room in Kansas City. Room in Kansas City.

Advices from Chicago convey the information that "Billy" Catton, the Well-known "short stop," will shortly open a billiard-room in Kansas City, and may take with him a number of Chicago players, who formerly were regular players at Green & Catton's place in Chicago, which was recently closed because the police would not allow betting on the games. If Catton finds Kansas City a prolific field, he may start an academy there similar to the one controlled until recently by Clarence Green and himself. Kansas City may thus become a rival to Chicago as a Mecca for "short-stop" players, and St. Louis should feel the effects of the transplanting to some extent.

Alfred DeOro, the pool champion, will shortly join the foreign colony of American billiard and pool experts. The recent deaths of Gene Carter and Harrison and the departure of Schaefer. Sutton, Maggiola, Catton and Vasquez leave Joe Capron about the sole survivor of the long list of star billiardists who made Chicago their headquarters. Chicago will be very dry in a billiard way for the rest of the winter, with the exception of the local amateur tournaments.

Frank Day of the Royal is practicing hard for his three-cushion match with fully Ryle, the Kansas City expert. In a fifty-point practice game yesterday at the Royal, Day conceded Mose Willer ten Royal, Day conceded Mose Willer ten points, and won by two points, making two runs of five. Willer ran five once and four twice. Day's supporters were well pleased with his showing, and say that Ryle will know he is up against no "mark" when he meets Day.

The first game of the Ryle-Day match takes place at the Royal Thursday night, beginning at 8 o'clock. The second section will be played Friday night. The latter part of the match will be played on Monday and

Competition to Continue at the Arm-

Competition to Continue at the Armory for Next Ten Days.

Police officers met in the third round of the revolver tourney at the Armory yesterday, eighty-eight men competing in the finals. As a result of the number of competitors, and the obvious impossibility of selecting the best shots on the strength of a few scores, Captains Schaaf and Roemer have decided to continue the contest for ten days, requiring each officer to fire ten shots each day.

This will make the match a 190-shot affair, and will render it easy to select the twenty-five crack shots, who will be graded as the expert class, and who will compete in the match against the Chicago force. The range yesterday was increased to thirty-six feet, and the buil's eye of the target was reduced to two inches to take the place of the three and one-fourth inch buil's eye formerly used.

Interest in the work vesterday centered in the performance of Officers Shipp and Longworth, who tied up in the final, Rather to the surprise of the spectators, both men seem a trifle gun sore from constant shooting, and made lower scores than were expected of them. Officer Shipp made but 86 and 107, respectively in his two strings of shots, while Longworth beat him out with scores of 199 in each string.

Officer Jeans of the Sixth District was the particular star of the day, making scores of 129 and 112 in his two strings, the best work of the day. Officers Wells, Joplin, Collier and Guthrel also made good scores.
